Instructions:

If you don't have a smartphone, your regular cell phone will work, too. Follow these steps:

1. From a computer, click https://aka.ms/mfasetup and sign in with your MultiCare-assigned account **<username>@multicare.org**.
2. Click *Next* when the *More information required* screen is shown.
3. On the *Keep your account secure* page, click *I want to set up a different method*.
4. Use the drop down to select *Phone*. Click Confirm.
5. Enter your cell phone number and click *Next*.
6. You will receive a phone call, follow the instructions in the call and after verification click *Next*.
7. Your account is enabled for MFA.
